Fictional demo: all people, organizations, credentials, and results are invented.

Professional profile

Project coordinator with experience connecting delivery teams, improving office workflows, and turning service data into practical decisions. Background in regional logistics and customer operations, with hands-on reporting and staff training.

Relevant capabilities

Project delivery

- Coordinated weekly handoffs across four delivery teams; overdue handoffs fell 18% over two quarters. *(Example Harbor Services)*
- Rebuilt an office workflow for intake requests, cutting average routing time from three days to one. *(Example Harbor Services)*

Analysis and reporting

- Built an Excel report covering 1,200 monthly requests, helping supervisors identify recurring service delays. *(Example Cedar Support)*

Training and customer support

- Wrote a 12-page onboarding guide and trained 16 staff members on scheduling and escalation procedures. *(Example Harbor Services)*
- Resolved customer escalations and maintained follow-up records for a six-person service team. *(Example Cedar Support)*
